

## Granit

Polyamide carpet, known for its durability, can be used in any room. One of the most important advantages is the fact that the carpet fibers can stand up to a lot of wear and tear. This makes the use of nylon carpeting especially practical in areas where there is a lot of foot traffic since the synthetic fibers hold their shape longer than many other types of fibers. As a result, the pile of the polyamide carpeting looks new and fresh for many more years than other carpeting selections.

## **TECHNICAL SPECIFICATIONS**

Secondary backing: SB Quality code: GRT Manufacturing process: Tufted

Manufacturing process

(hospitality):

1/10" Loop Pile

Pile composition: PΑ Pile composition PΑ

(hospitality):

Fire behaviour: Cfl-s1
